As Institute

Date: 09.04.2025

Purpose: IMI Kolkata continues to make strides in developing state-of-the-art entrepreneurship and innovation curriculum. Local Business Accelerator Track is designed to provide industry oriented curriculum to students. By engaging directly with local businesses for an extended time, students can contribute significantly to local businesses while obtaining hands-on experience.

Duration: The programme is expected to last 6 months: September 2024 - March 2025

Details of collaboration: One group of 5-10 students will be assigned to work with industry partners. The institute will form the groups based on the requirements of the local business and profiles of the candidates.

85. The association will be implemented in **two phases:**

- a. Understanding the problem/current way of doing things (September to November)
- b. Implementing the solution/executing tasks (December to February).

86. Students' approximate availability will be as follows:

- a. 5 days per month dedicated to physical/online meetings
- b. Upto 2 weeks exam break during December

87. The nature of work can be remote, in-office or on-field.

88. The industry partners shall provide the job descriptions in advance for suitable matching of the candidates.

Roles and responsibilities: The institute will assign one faculty member for guiding students as well as to maintain smooth communication with industry partners. Industry partners should assign 1-2 mentors to the students and commit at least one meeting every week with students.

Faculty mentors will hold monthly discussions with industry partners for synergy in expectations. To the extent possible, industry partners should be present during quarterly student presentations. Any issues arising during the association should be resolved via mutual consultation and agreement.

Commercials: As this programme is part of IMI Kolkata's curriculum, there is no financial implication on either students, institute or industry partners, but for the following exceptions:

43. Industry partners can pay reimbursement to students for travel or expenses incurred during fulfilment of tasks.
44. Two months' stipend can be paid in full during summer months as part of students' "Official Industry Internship" at IMI Kolkata (April-May). Placement office must be contacted by October-November 2025 regarding the same.

Intellectual Property Rights: Students will sign a non-disclosure agreement so as to keep complete confidentiality about any kind of physical/digital/intellectual assets of the firm. Industry partners should nevertheless exercise caution and share sensitive information only to the extent necessary.

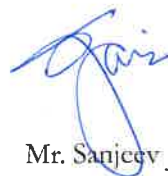

In witness whereof, each of the Parties has executed this Agreement, both Parties by its duly authorised officer, as of the day and year set forth below.

International Management Institute
2/4C, Judges Court Road, Alipore, Kolkata 700027, WB, India
As Institute

Date: 26.04.2025

Purpose: IMI Kolkata continues to make strides in developing state-of-the-art entrepreneurship and innovation curriculum. Local Business Accelerator Track is designed to provide industry oriented curriculum to students. By engaging directly with local businesses for an extended time, students can contribute significantly to local businesses while obtaining hands-on experience.

Duration: The programme is expected to last 6 months: September – February of each academic year

Details of collaboration: One group of 5-10 students will be assigned to work with industry partners. The institute will form the groups based on the requirements of the local business and profiles of the candidates.

1. The association will be implemented in **two phases:**

- m. Understanding the problem/current way of doing things (September to November)
- n. Implementing the solution/executing tasks (December to February).

14. Students' approximate availability will be as follows:

- i. 5 days per month dedicated to physical/online meetings
- j. Upto 2 weeks' exam break during December

15. The nature of work can be remote, in-office or on-field.

16. The industry partners shall provide the job descriptions in advance for suitable matching of the candidates.

Roles and responsibilities: The institute will assign one faculty member for guiding students as well as to maintain smooth communication with industry partners. Industry partners should assign 1-2 mentors to the students and commit at least one meeting every week with students.

Faculty mentors will hold monthly discussions with industry partners for synergy in expectations. To the extent possible, industry partners should be present during quarterly student presentations. Any issues arising during the association should be resolved via mutual consultation and agreement.

Commercials: As this programme is part of IMI Kolkata's curriculum, there is no financial implication on either students, institute or industry partners, but for the following exceptions:

13. Industry partners can pay reimbursement to students for travel or expenses incurred during fulfilment of tasks.
14. Two months' stipend can be paid in full during summer months as part of students' "Official Industry Internship" at IMI Kolkata (April-May). Placement office must be contacted by October-November of each academic year.

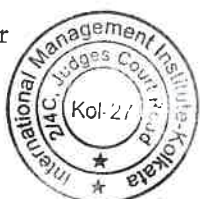

Intellectual Property Rights: Students will sign a non-disclosure agreement so as to keep complete confidentiality about any kind of physical/digital/intellectual assets of the firm. Industry partners should nevertheless exercise caution and share sensitive information only to the extent necessary.

In witness whereof, each of the Parties has executed this Agreement, both Parties by its duly authorised officer, as of the day and 3 years set forth below.

4. The industry partners shall provide the job descriptions in advance for suitable matching of the candidates.

Roles and responsibilities: The institute will assign one faculty member for guiding students as well as to maintain smooth communication with industry partners. Industry partners should assign 1-2 mentors to the students and commit at least one meeting every week with students. Faculty mentors will hold monthly discussions with industry partners for synergy in expectations. To the extent possible, industry partners should be present during quarterly student presentations. Any issues arising during the association should be resolved via mutual consultation and agreement.

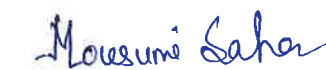

Commercials: As this programme is part of IMI Kolkata's curriculum, there is no financial implication on either students, institute or industry partners, but for the following exceptions:

1. Industry partners can pay reimbursement to students for travel or expenses incurred during fulfilment of tasks.
2. Two months' stipend can be paid in full during summer months as part of students' "Official Industry Internship" at IMI Kolkata (April-May). Placement office must be contacted by October-November of each academic year.

Intellectual Property Rights: Students will sign a non-disclosure agreement so as to keep complete confidentiality about any kind of physical/digital/intellectual assets of the firm. Industry partners should nevertheless exercise caution and share sensitive information only to the extent necessary.

In witness whereof, each of the Parties has executed this Agreement, both Parties by its duly authorised officer, as of the day and 3 years set forth below.

As Institute

Date: 07.05.2025

Purpose: IMI Kolkata continues to make strides in developing state-of-the-art entrepreneurship and innovation curriculum. Local Business Accelerator Track is designed to provide industry oriented curriculum to students. By engaging directly with local businesses for an extended time, students can contribute significantly to local businesses while obtaining hands-on experience.

Duration: The programme is expected to last 6 months: September – February of each academic year

Details of collaboration: One group of 2- 3 students will be assigned to work with industry partners. The institute will form the groups based on the requirements of the local business and profiles of the candidates.

1. The association will be implemented in **two phases:**

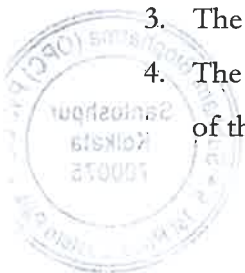

- a. Understanding the problem/current way of doing things (September to November)
- b. Implementing the solution/executing tasks (December to February).

2. Students' approximate availability will be as follows:

- a. 5 days per month dedicated to physical/online meetings
- b. Upto 2 weeks' exam break during December

3. The nature of work can be remote, in-office or on-field.

4. The industry partners shall provide the job descriptions in advance for suitable matching of the candidates.

Roles and responsibilities: The institute will assign one faculty member for guiding students as well as to maintain smooth communication with industry partners. Industry partners should assign 1-2 mentors to the students and commit at least one meeting every week with students. Faculty mentors will hold monthly discussions with industry partners for synergy in expectations. To the extent possible, industry partners should be present during quarterly student presentations.
