# Student Testimonial

**Sai Sambeet Padhi**  
Placed at Grant Thornton LLP

Exposure to various domains, Knowledge about basic to key aspects of business, understanding how a organisation works on different levels through the insights from top level professors of the institution and industrial visits. It was a rollercoaster ride journey from the very beginning. As a fresher and someone new to this domain it was a bit tough at first and exciting at the same time. Sitting for various companies during the recruitment process there were several moments where I faced tricky situations and was able to deal with every situation over the period of time through continuous efforts and learnings and most importantly confidence on your own.

**Arka Guha**  
Placed at ICICI Bank

The depth of teaching, the way of organization of the curriculum so that people from diverse backgrounds can assimilate the knowledge equally and specially the industry specific skills taught were the best part of PGDM. I received a Pre Placement Offer at **ICICI BANK**, looking forward to apply my knowledge and give a value addition to the organisation.

**Vishaka Gupta**  
Placed at Deloitte

The curriculum was quite exhaustive which helped me to garner knowledge in the respective fields. The PGDM programme at IMI-K enabled me to broaden my horizon and provided a lot of learning opportunities. Overall it helped me refine my personality and gave me the adequate exposure required before stepping into the corporate world. The placement process at IMI-K was quite challenging for me but at the same time, I got to learn a lot which was the best part of the whole process. All the preparatory sessions conducted before the placements were fruitful for me. The placement journey was not easy but having been placed at my dream company Deloitte as a Tax Consultant, was all worth it!

**Deep Singh**  
Placed at SBI Life  
Insurance

The thing which i liked, the learning opportunities which i got here. The faculty members are so dedicated and supportive, they always try to provide best to their students, the quality of programme is very good. The structure of the program is very intresting as we are not bound to study only one domain, we have options to choose no. of subject according to our interest. My overall experience was good. The placement team was so supportive and they always try to motivate us and helped me crack my job interview at **SBI LIFE**.
